

RE:SPACE

Dear Parents/Carers

As a school that has already had parents/carers participate in SPACE, and feedback was exceptional, there is an opportunity for it to be delivered again to parents/carers in the last term of the Summer.

The programme aims for parents and carers to gain an understanding of the impact of early life experiences on yourselves as parents and on your children, learn to see behaviour as a form of communication, and look at the causes and triggers of behaviours and develop strategies for building resilience in yourselves and your children. The workshops are delivered over a 5 week (2 hours per week) programme. This will be funded by the Family Connector Project. The dates for your school are as follows:

Donna Lund will be running a Taster session this Friday the 26th of May from 9am – 09:30, to talk in more detail about the programme and this will give you an opportunity to ask any questions.
